Dear Dr. Regna:

Pursuant to the notification requirements of Section 3010 of the Resource Conservation and Recovery Act of 1976, Brooklyn Union Gas is submitting U.S.E.P.A. Form 8700-12 for our Greenpoint Energy Facility. While Brooklyn Union Gas does have a number of satellite facilities, we believe that none approach or will approach 1000 kg/month of generated hazardous wastes in the foreseeable future.

If you have any questions or require any further information, please contact Lawrence Liebs at 212-643-2972.

Very truly yours,

Helmut Peter

ACKNOWLEDGEMENT OF NOTIFICATION
OF HAZARDOUS WASTE ACTIVITY
(VERIFICATION)

This is to acknowledge that you have filed a Notification of Hazardous Waste Activity for the installation located at the address shown in the box below to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). Your EPA Identification Number for that installation appears in the box below. The EPA Identification Number must be included on all shipping manifests for transporting hazardous wastes; on all Annual Reports that generators of hazardous waste, and owners and operators of hazardous waste treatment, storage and disposal facilities must file with EPA; on all applications for a Federal Hazardous Waste Permit; and other hazardous waste management reports and documents required under Subtitle C of RCRA.

Dear Mr. Baker:

This letter is in response to the letter and application we received from USEPA dated February 20, 1981 regarding the Part A Permit Application. The reason Brooklyn Union has not submitted the Part A Application is that we are not a TSD facility. We are a small generator operating under USEPA ID# NY D006978795.

It appears that an error was made on the original Notification of Hazardous Waste Activity (copy attached) whereby Box C under section VI of the application was incorrectly checked off.

If you have any questions or require any further information, please contact me at the above address.

Sincerely yours,

Lawrence H. Liebs

ENVIRONMENTAL PROTECTION

NEW YORK, N.Y. 10007

February 20, 1981

Dear Sir:

The United States Environmental Protection Agency ("EPA") regulates the handling of hazardous wastes under the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. §6901 et seq. Section 3010(a) of RCRA, 42 U.S.C. §6930(a) requires that any parties handling certain quantities of hazardous wastes notify EPA of their activities within 90 days of the promulgation of regulations identifying such substances.

Regulations defining a hazardous waste under RCRA were initially promulgated on May 19, 1980 (45 Fed. Reg. 33063 et seq.) (with several subsequent amendments). As a result, all hazardous waste facilities were required to notify EPA of their activity by August 18, 1980. In addition, the regulations, which went into effect on November 19, 1980, required that all hazardous waste treatment, storage, or disposal ("TSD") facilities submit a Part A Permit Application by that date. Compliance with the above notification and application requirements is mandatory before EPA can confer interim status hazardous waste authority, and Section 3005 of RCRA, 42 U.S.C. §6925 expressly prohibits the operation of a hazardous waste TSD facility without such authority.

Records available to this office indicate that you have complied with the notification requirements of Section 3010 of RCRA and are identified as an operator of a TSD facility. You have failed, however, to submit the necessary Part A Permit Application. As such, any treatment, storage, or disposal of hazardous waste which has occurred at your facility since November 19 is in violation of the regulations, and therefore subject to enforcement action under Section 3008 of RCRA, 42 U.S.C. §6928. Violators of RCRA may incur penalties of as much as \$25,000 per day of violation.

If you are no longer operating a hazardous waste TSD facility, or if your original notification was incorrect, please inform us of that fact, as well as the date you ceased operation, so that we can update our records. If you are still operating a TSD facility, you must apply for a permit by completing the enclosed application forms and submitting them within 30 days to:
